

SKILL INDIA INITIATIVE

Nirmal is proud to be associated with Industrial Training Institute (ITI) Shahapur in setting-up the institute for developing the skilled workforce in various trades like Fitting, Welding, Machining, etc.

We have undertaken a project 'Rub the Gold' Training with a clear intention to share & provide basic gas engineering knowledge to the candidates which otherwise would take one year by the way of on the job learning.

We have developed E Learning Modules available in PDF & Video Format.

We are encouraging our Employees to go through these modules & they are allowed to go thru this in working hours.
