

# Knack Innovations

**Summary:**

The quest for something new and innovative is a never-ending process in the packaging industry. The Pinch Bottom Bags. It is needless to mention that it is one of the most innovative packaging materials that are apt for dry bulk goods sold in the retail sector. It is specialized packaging for Pet food, Fertilizer, Seeds, Flour, Sugar, and various other products. As you know, there is no stitching in the bag and it is constructed and closed only through sealing which makes it very unique. There is 6 side branding which is very new to the market and can't be seen easily anywhere else in the market often. Also, it is considered as one of the most premium packaging in the world.

The BOPP Pinch Bottom Bags have gained immense popularity in the market due to its distinct abilities. These bags are mainly used for packaging the items which have to retain moisture. Also, it has the exceptional potential of keeping the humidity away. As we know that the conventional stitched bags often face the problem of moisture leakage, which ultimately affects the product inside the pack. Here, BOPP Pinch Bottom Bags take the charge and guarantees 100% protection.

**Key Achievements:**

Our classy Pinch Bottom Bags are always in trend, and we can produce up to 4 million bags per month with the help of our state of the art machinery. Not to forget that we can apply various kinds of customization on all of them even with such high production capacity. BOPP Pinch Bottom Bags are a perfect alternative to sewn bags made up of the woven fabric if you are looking for a superior packaging. They are the best substitute for Paper Pinch Bottom Bags in today's era because of the sheer quality, price competitiveness and Brand Building feature. BOPP Pinch Bottom Bags provides top-quality packaging options which enrich the packaging world to the fullest.

## Feedback / Testimonial From A Client And/Or Other Stakeholders:

**D. Arun Chandran**

It is a pleasure to work with them for the past six years, they have maintained high-quality standards and very innovative methods in bag designs, meeting up to current market trends. After knowing their way of working and tactics I recommend them to everyone in my group.
